

## BCBST Machine Readable Files

[This link \(www.bcbst.com/tcr\)](http://www.bcbst.com/tcr) leads to the machine-readable files (MRFs) that are made available in response to the federal Transparency in Coverage Rule and includes negotiated service rates and out-of-network allowed amounts between health plans and healthcare providers. MRFs are formatted to allow researchers, regulators, and application developers to access and analyze data more easily.
