

PRIVATE FLEET CONVERSION

A SMARTER WAY TO MAXIMIZE YOUR OPERATIONS WHILE MINIMIZING RISK.

// ENHANCE YOUR TRANSPORTATION STRATEGY

Managing a private fleet comes with operational challenges and risks that can lead to high costs. U.S. Xpress provides a structured transition to a Dedicated transportation model, enabling your business to operate more efficiently while we handle the logistics.

// KEY ADVANTAGES OF PARTNERING WITH U.S. XPRESS

COST EFFICIENCY AND FINANCIAL STABILITY

Reduce expenses related to fleet ownership, including equipment costs and maintenance, insurance, and driver recruiting and retention. Our Dedicated model offers consistent transportation costs for improved financial planning.

SCALABLE SOLUTIONS FOR FLEETS OF ALL SIZES

Whether your business expands or faces seasonal demand shifts, our flexible capacity ensures you always have the right fleet size to meet your needs—without the headache of fleet management.

VISIBILITY AND INSIGHT YOU CAN COUNT ON

When you switch to a U.S. Xpress Dedicated solution, our team of experienced operators provides visibility to your freight and offers optimal route solutions. We provide the freight visibility you need to make data-driven decisions for your business.

SAFETY AND DRIVER-FOCUSED SOLUTIONS

U.S. Xpress minimizes regulatory risks by ensuring adherence to industry standards and safety requirements. Our team takes on the challenges of recruiting, training, and retaining highly skilled, safe drivers who operate as an extension of your brand to keep your operations running smoothly.

NATIONWIDE INFRASTRUCTURE AND INDUSTRY LEADERSHIP

As one of the nation's largest carriers, we provide the resources, network, and expertise to streamline operations while improving reliability and service quality.

A SMARTER PATH FORWARD

By converting your private fleet to a Dedicated solution with U.S. Xpress, you gain efficiency, cost savings, and strategic focus—without sacrificing control. We partner with you to create a seamless transition plan, ensuring minimal disruption and long-term success.
